

Batch nr: 1811024.1827	CBD olie 20% Art nr: 1827 Quality: IH – Validated method	Production Date: Aug-2018
Customer: CanMediX®		Expiry Date: Jul-2020

RESULTS

Test	Requirement	Result	Unit	Standard remark	Control by
Characters					
Appearance	Viscous liquid	Conform			Lab Of.
Color	Light amber	Conform			Lab Of.
Assay					
Cannabidiol (CBD)	20.00 (± 0.50)	19.76	%	HPLC	AC
Delta-9-tetrahydrocannabinol (THC)	< 0.00015	Conform	mg/g	SOP 16.02	AC
Delta-8-tetrahydrocannabinol (THC)	Not detected	Not detected	mg/g	SOP 16.02	AC
Polar compounds	< 0.01	Conform	µ/g	SOP 11.00	AC Sup
Microbiological					
E. Coli	Absent	Not detected		no	AC
Yersinia	Absent	Not detected		no	AC
Salmonella	Absent	Not detected		no	AC
Alfatoxin B	Absent	Not detected		no	AC
Shigella	Absent	Not detected		no	AC
Yeast & molds	< 10	5	cfu/g	no	AC

Carrier: MCT-oil

Other data

CanMediX CBD Oil is fully decarboxylated and the production process follows Hazard Analyses and Critical Control Points and Good manufacturing practices for food.

We declare and certify that products manufactured are not derived from genetically modified organisms or irradiated material source. There is no probability to cross-pollinate with any existing GM crop.

Different pharmacologically active ingredients, phytocomplex [terpenes], are present in the CanMediX CBD oil, resulting in a amber color and characteristic smell. These terpenes are responsible for specific biological activities.
