

## Certificate of analysis

<b>Product:</b>	CBD Olie 5%		
<b>Batch number:</b>	2102017.1737	<b>Manuf. Batch number:</b>	L0121-5
<b>Manufacturing date:</b>	Feb-2021	<b>Expiry date:</b>	Feb-2023
<b>Quality:</b>	IH - validated method		

RESULTS					
Test	Requirement	Result	Unit	Standard remark	Control by
<b>Characters</b>					
Appearance	Viscous liquid	Complies			AL
Color	Light orange	Complies			AL
Water content (KF)	$\leq 1.0$	$< 0.1$	%		AL
<b>Assay</b>					
Cannabidiol (CBD)	$\geq 5.00$	6.24	%w/w	SOP 7.18.1	AL
CBG	For information only	0.122	%w/w	SOP 7.18.1	AL
Delta-9-tetrahydrocannabinol (THC)	$\leq 0.05$	$< 0.005$	%w/w	SOP 7.18.1	AL
<b>Microbiological</b>					
E. Coli	Not detected	Conform			AL
Yersinia	Not detected	Conform			AL
Salmonella	Not detected	Conform			AL
Alfatoxin B	Not detected	Conform			AL
Shigella	Not detected	Conform			AL
Yeast & molds	0	Conform	cfu/g		AL

### Other data

CanMediX CBD Oil is fully decarboxylated and the production process follows Hazard Analyses and Critical Control Points and Good manufacturing practices for food.

We declare and certify that products manufactured are not derived from genetically modified organisms or irradiated material source. There is no probability to cross-pollinate with any existing GM crop.

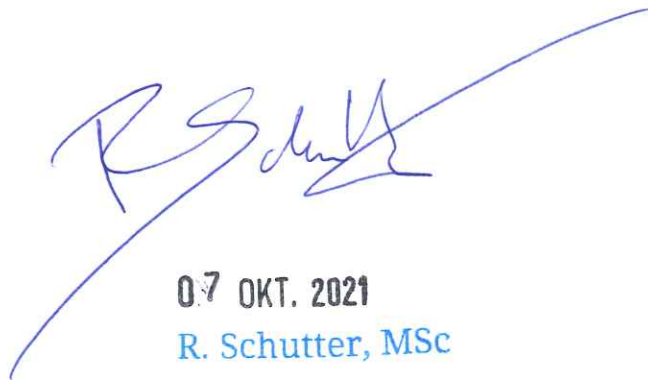

Different pharmacologically active ingredients, phytocomplex [terpenes], are present in the CanMediX CBD oil, resulting in an amber color and characteristic smell. These terpenes are responsible for specific biological activities.

The healthy properties of *Cannabis Sativa L* are the results of the synergy of all the phytocomplex elements and will bring better results than single components (CBD crystals only).

Production, expiry/retest date conform primary packaging. I hereby confirm that the above mentioned results are in compliance with the internal specifications and are authentic and accurate.

Conclusion: Approved

### Quality Assurance

07 OKT. 2021
